## Harley Davidson Motorcycles

Wind back as far as the early 1900's and the roar of the Harley Davidson began. Iconic in the motorcycle world and at the top of its game worldwide, [Harley Davidson motorcycles](#) have offered an unforgettable experience than none other can offer. With a tribe of loyal owners in excess of millions who live to ride road and terrain, it's no wonder their motto is "all for freedom, freedom for all."

Over the last century, we have seen significant evolution as new models and improved specs have brought us a better riding experience. However, if there is one thing that hasn't changed, it is the full throttle power of a Harley engine coupled with the extreme comfort of a ride that you dream will never end.

## All makes and models

Rest assured, there is a Harley out there for all enthusiasts looking for a new or pre-loved motorcycle, with hundreds of makes and models to choose from. Take your pick from [street](#), sports, [classic and collector](#) to name a few. Motorcycles vary greatly between each category based on performance, form and fit, offering your pick of dimensions, chassis, performance, drivetrain and engine specifications.

## Genuine accessories

Harley Davidson accessories are also available for adding all the bells and whistles to your pride and joy. OEM accessories are always the better bet, promising better reliability and durability. Easily personalise your motorcycle by buying only genuine Harley parts, with the peace of mind of knowing it is engineered to withstand corrosion and vibration.

## Passenger comfort

Across all categories, Harley Davidson is renowned for designing bikes that ultimately provide passenger comfort for long distance riding. The comfort is second to none for those adventure tours enduring wind, water, sun and dust, allowing more driver control and safety when cruising the unpredictable terrain.

## Custom colour and style

From the endless array of motorcycle models to choose from, there are many colours and styles to fit your personality. Harley Davidson motorcycles typically come in black, red, blue and maroon, with different paint finishes that shine bright and bold to suit each individual rider's attitude such as matt and metallic.
